Dear Ms. Edmiston:

Thanks again for taking the time to send the ARRB the newspaper articles and book sections.

I understand your interest in papers or records that may mention your mother's name; and I know you understand that, as a government employee, I cannot conduct research or records searches on behalf of private individuals. I do want you to see how simple and efficient the records search process through the JFK Collection at the National Archives can be. In that regard, one of my colleagues ran a quick check in the House Select Committee on Assassinations database using your mother's name. We found three documents that in some way mention her name. I have requested another of my colleagues to get copies of those documents the next time he travels to Archives II in College Park, Maryland. I will bring the RIFs (Record Information Forms) that the database generates and copies of the actual documents when we meet in New Orleans on September 27 to review the records your mother left from her work in Mr. Garrison's office.

I'll call you at the end of next week if I haven't heard from you by then to schedule a location and to confirm the time (tentatively set for 1:00 pm.). I'm looking forward to meeting both you and your dad.

Sincerely,

Anne Buttimer, Esq.
Chief Investigator
