Dear Ms. Hewitt:

I'm writing to ask for your assistance concerning Jack Ruby's defense attorney, Joe Tonahill. We recently contacted Mr. Tonahill and asked for his assistance to include records related to his defense of Jack Ruby in the JFK Records Collection. Based on his response to the Review Board's request for assassination-related records, it may take a bit of work to accurately determine what he has and the best way to obtain those records.

It would be most helpful if you would send the Review Board copies of any notes, correspondence, research, etc. that would guide and assist us in accurately identifying and gathering the pertinent records. Please feel free to send copies to the attention of Investigator Dave Montague. You may call Dave at ext. 258 as well.

Thank you again for bringing this important information to our attention, and for your ongoing interest and assistance.

Sincerely,

Anne Buttimer, Esq.  
Chief Investigator
