The Netherlands

Dear Mr. Kistemaker:

Your letter of January 13, 1995, has been referred to me as the Review Board's Chief Investigator. I would appreciate any additional information you can provide about the original Orville Nix film and why you believe UPI had it but apparently lost it sometime after 1964. Any and all background information you can provide on this issue would be very helpful to my work in attempting to locate the original.

Thank you for your timely response and assistance. You may address your response to my attention.

Sincerely,

Anne Buttimer, Esq.
Chief Investigator
