Dear Mr. Kistenmaker:

I wrote to you on July 7, 1995, concerning the information you provided the Review Board about the original Nix film. A copy of that letter is enclosed for your convenience. Unfortunately, I used the wrong address on the letter and it was returned today. Therefore, I am writing again and hope this letter reaches you.

Will you please contact me by fax or by mail at your earliest convenience to provide as much information as your research has yielded on the matter of the current whereabouts of the "out-of-the-camera" print of the Nix film? I am actively investigating this matter and your assistance will be greatly appreciated.

Thank you again for bringing this matter to the Review Board's attention and for responding as soon as possible.

Sincerely,

Anne Buttimer, Esq.
