Dear Mr. Laughlin:

It was a pleasure to speak with you yesterday concerning the film and still photographs Mr. Bronson made at the scene of President Kennedy's assassination.

The film and still photographs are historically important assassination records. The Review Board is interested in arranging for their donation to the JFK Collection in order that they may receive, at the National Archives, the state-of-the-art preservation care they deserve. Additionally, by donating the film and photographs to the JFK Collection, you and your family will ensure that the American people can share these important assassination records.

For your information I've enclosed a fact sheet about the Review Board, a copy of our legislation, and a pamphlet published by the National Archives that describes the JFK Records Collection. Also enclosed is a copy of the letter our Executive Director sent via facsimile to Mr. Sigalos requesting a meeting to discuss the Board's request. This is the letter Mr. Sigalos said he passed on to Mrs. Bronson. Please review this material and feel free to contact me at ext. 258 if you have any questions. I've spoken to Mr. and Mrs. Young and will send them the same information today.

This matter is of great importance to the Review Board. I will contact you again in the near future to discuss your questions and concerns in more detail. Thank you for your interest in assisting our efforts to add records to the JFK Collection.

Sincerely,

David R. Montague
