Dear Ms. Patton:

Thank you for taking the time to speak with me again this morning concerning the Review Board's request for the Illinois Legislative Investigating Commission records that were reviewed by House Select Committee on Assassinations (HSCA) investigators in 1978.

As I told you this morning, I will be in Springfield on Wednesday, October 18, 1995, and would like to meet with you and anyone associated with making a decision in this matter. I arrive at the Springfield airport that morning at 8:25 and would be ready to meet with you as soon as I can get a taxi to your office.

I understand you are going to speak to the appropriate people about my visit. Thank you for doing so. I will wait to get your message on my voice mail in the next few days and will then call you to confirm our actual plans.

After all of our telephone conversations I'm looking forward to meeting you. Thank you once again for your continued assistance with this matter.

Sincerely,

Anne Buttimer, Esq.
Chief Investigator
