

September 25, 1995

Officer Sekerka
Chicago Police Department - Records Division
1121 South State Street, Room 206 Annex
Chicago, Illinois 60605

Dear Officer Sekerka:

Thank you for taking the time to speak with me by telephone this morning concerning the Review Board's request for the Chicago Police Department records that were reviewed by House Select Committee on Assassinations (HSCA) investigators in 1978.

I understand from our conversation this morning that the Records Division does not have the records the Review Board seeks. You mentioned that the Intelligence Division may either have these records or know where they are. You also said you would send a message about our call to the Deputy Superintendent in charge of these matters. You asked me to wait for your call before I contact anyone in Superintendent Rodriguez' office. I am happy to wait to hear back from you. Please call my voice mail (x229) and leave a message. I will call you back as soon as I can.

My travel plans to Chicago are confirmed for Thursday, October 19, 1995. I have time available in the afternoon to meet with representatives of the Chicago Police Department to discuss this matter further on that date and would appreciate the opportunity to do so. I will be in Springfield on Wednesday, October 18. In the event the records the Review Board seeks are located in the Illinois State Archives, I would appreciate knowing that before October 18.

Thank you again for taking the time to assist me this morning. I look forward to speaking with you again in the near future.

Sincerely,

Anne Buttiner, Esq.
Chief Investigator
