Dear Mr. Taylor:

On behalf of the entire Review Board, I am writing to express our thanks and appreciation for the superb cooperation and assistance your staff recently afforded our Chief Investigator, Anne Buttimer. Ms. Buttimer asked me to tell you that Commander Elizabeth Buchholz, Commander Mendez, and Lieutenant Carlos A. Gonzalez, along with members of their staffs, responded to our request for assassination-related records in a highly professional and exceptionally thorough manner.

The effort shown by members of your department assisted the Review Board in creating a more complete historic record through the John F. Kennedy Records Collection. Thank you again.

Sincerely,

David G. Marwell
Executive Director
