Dear Mrs. Taylor:

It was a pleasure to speak with you concerning the story you were told about the autopsy of President Kennedy. As we discussed, the Review Board is mandated by Congress to identify and locate all records pertaining to President Kennedy's assassination. This includes records from former investigations, the government, and the private sector. The information you provided will assist the Review Board in locating additional assassination related records.

We appreciate your efforts in locating and forwarding to us a copy of Clarence Israel's obituary. It would also be helpful if you know the approximate year he died, or where he resided at the time of his death.

At your request, I've enclosed a fact sheet about the Review Board, a copy of our legislation, and a pamphlet published by the National Archives that describes the JFK Records Collection. Please contact me at ext. 258 if you have any questions or if the material helps to refresh your memory regarding other assassination-related records.

On behalf of the Review Board, I appreciate your assistance in our efforts to add records to the JFK Collection. I look forward to speaking with you again.

Sincerely,

David R. Montague
Investigator
