Dear Mr. Webber:

Thank you for taking the time to contact me recently regarding your office's identification of Illinois Legislative Investigating Commission (ILIC) files.

On behalf of the Review Board, we appreciate your efforts in locating these files which, by virtue of the fact that they were reviewed by the House Select Committee on Assassinations in 1978, are assassination records as defined by our enabling legislation.

We would appreciate it if certified copies could be made and sent as soon as possible. I understand that the physical location of these files may delay their copying and shipment.

Please do not hesitate to contact me again at Ext. 258 if I can answer any questions or concerns. Thank you again for your assistance and cooperation. I look forward to receiving the copied material from you.

Sincerely,

David R. Montague
Investigator
