RE: Russia/Belarus Trip
PAGES: 3, including this cover sheet.

I spoke to Mrs. Olson at the State Department. They had already submitted our papers to Moscow and Belarus yesterday.

I asked her to see what could be done to make the change you requested. She called me back and said that they cannot change the form but will submit a diplomatic note (visa letter) to the embassy to change your Moscow paper to show your departure date of November 8 instead of November 2. She will call me back if there is a problem or we have to redo the form or take any other action. She did say that we should not add to or change your place of work to include the University because somebody would get all shook up over too many changes and start scrutinizing things too closely, causing delay.

FYI - the following two pages are the forms I submitted for you.
