Dear Jim:

It was a great pleasure to meet with you at the Capitol and to receive your follow-up correspondence and materials. I now have also had the opportunity to meet many of your colleagues. I have asked the Review Board staff to focus on the records that you list as important.

As I am sure you have noticed, the Review Board has been very busy reviewing assassination records and ordering extensive releases. Although it is sometimes a slow process, I am pleased with our progress thus far. Records regarding the autopsy of President Kennedy are especially important and our staff is focused on finding any information that may be helpful in increasing public knowledge. I have also noted Ms. Cunningham's concern about staffing at the National Archives and have tried to be helpful.

I appreciated your visit. Please keep in touch, Jim.

Sincerely,

John R. Tunheim
Chair
