The District Director for Congresswoman Waters' said that he thought the best place would be:

Los Angeles Unified School District (Board of Education) Hearing Room
450 North Grand Avenue
(downtown LA)

Telephone numbers:
(213) 625-6382
(213) 625-6387

He knew of no useful federal facility. The advantage of using the School District hearing room is that it is nice, set up in similar format for a hearing, and is in a building that has its own parking (in an area of the city that is notorious for limited parking).
