Dear Ms. McMillan:

On behalf of the Review Board, I would like to take this opportunity to thank you for allowing me to review your records in your home last week. It was a fascinating look at history. The files would be an invaluable addition to the President John F. Kennedy Assassination Record Collection at the National Archives.

I will follow-up this letter with a more detailed one regarding the possible timing of a donation of your records. Hopefully, we can develop a plan to suit your needs and also get the records into the Collection at an early date.

While I was at your house we briefly discussed records related to your 1959 interview of Lee Harvey Oswald. I did not see any such records during my review and did not ask about them again before my departure. We would be interested in knowing if you have any records which relate to the 1959 interview. Clearly, those would be an important part of your papers and an exciting addition to the JFK Collection.

On a personal note, I would like to thank your for your kindness and generosity during my trip to your home. It was very accommodating of you to take a day from your busy schedule to guide me through the records. In addition, I enjoyed the lunch that Agnes made for us and the opportunity to talk about your experiences and the records.

Again, the Board and I appreciate everything you have done to cooperate with us. You made my trip enjoyable and fruitful. I look forward to talking with you soon.

Sincerely,

Thomas E. Samoluk, Esq.
