Dear Mary:

Thank you very much for sending us a copy of Michael Dorman's story about the Assassination Records Review Board and New Orleans District Attorney Harry Connick, Sr., as it appeared in the Wednesday, March 27, 1996 edition of *Newsday*.

We appreciate your quick and courteous response to our request. It was very thoughtful of you to include the entire paper for our files, and as a native New Yorker, I particularly enjoyed the opportunity to take a look through the entire paper.

For your information, I've enclosed a pamphlet which describes our organization. Thanks again!

Sincerely,

Eileen A. Sullivan  
Assistant Press and Public Affairs Officer
