Larry:

I am faxing several pages from Richard Trask's book "Pictures of the Pain" about the photographic history of the assassination. He told me that he dealt with Kristin Sandefur, Head Librarian at the Star-Telegram. The reason I am mentioning this is that Trask described what sounded like a larger collection than what you had on the assassination. I was wondering if there might be additional photographs with Sandefur or someone else at the newspaper. Trask said that he reviewed about approximately 30 pages of contact sheets. Perhaps these pages which I am faxing will help in determining if these photographs are part of the collection you have for my review.

Thank you for your assistance. I look forward to seeing you on Thursday, May 2nd at 10:00 a.m.
