Dear Ms. Smolovik:

I would like to thank you for taking time out of your schedule to review the Dallas Police Department photographs with me on April 30, 1996. The time that you committed to explaining the contents of the collection and answering my questions is much appreciated.

In the near future, we will contact you again to discuss in more detail the most cost effective and efficient manner in which to obtain a set of the photographs for The President John F. Kennedy Assassination Record Collection at the National Archives.

Again, thank you for your time and efforts when I visited the Dallas Municipal Archives and Records Center.

Sincerely,

Thomas E. Samoluk, Esq.  
Associate Director
