Steve -

Per my phone call, I am faxing you pages relative to document # 124-10027-10414. This is one of the documents from the April 19th Board meeting that is under appeal by the FBI. Jeff Morley went to the Archives on Saturday and retrieved a copy of the RIF and the document. He compared the RIF to the one that I had previously given to him that said "3" pages and he noted that the RIF at the Archives said "2" pages and those two pages contained no redactions. In fact, the document that the Board reviewed does have a third page and that is the page with the disputed redactions.

I wanted to bring this to your attention and see if you could check if the version that the Archives has includes only two pages. Phil can get a redacted version from the FBI for inclusion with the Archives version.

## Attachments include:

- 1. The RIF we had in our system showing "3" pages
- 2. The RIF with the document at the Archives showing "2" pages
- 3. The two pages of the document that Morley obtained a copy of from the Archives on Saturday.

Thanks.
