Dear Mr. Carter:

Thank you for your April 18, 1997 letter. It apparently was misrouted by the Postal Service and we just received your letter this week.

With respect to your request about the television newscast, I have two suggestions. You may want to contact the National Archives and Records Administration's JFK Assassination Records Collection to find out if it is possible to request a list of its video holdings. The address is:

JFK Liaison
National Archives and Records Administration
8601 Adelphi Road
College Park, MD 20740.

Secondly, you may want to reference a book titled, "Pictures of the Pain: Photography and the Assassination of President Kennedy" by Richard Trask (Yeoman Press, 1994.) I am not endorsing this book. I mention it only because it may help you find references to that particular newscast.

I hope this information is helpful to you.

Sincerely,

Eileen A. Sullivan
Assistant Press and Public Affairs Officer
