Dear Mr. Cultice:

Thank you for your recent call and for waiting patiently as I looked into your requests.

I did not find any reference in our database to the April 1976 testimony of Johnny Roselli. There are many other references to Mr. Roselli, but I did not locate anything in our database for that particular month.

You also inquired about the alleged existence of a December 1963 document that provides a "psychological profile" of Lee Harvey Oswald, wherein it is concluded that Oswald could not have assassinated President Kennedy on his own. We have asked the Marine Corps to look for this document, and at this point its existence has not been confirmed.

Lastly, I have enclosed the selected copies of the notes taken by J.W. "Will" Fritz, and the documents that relate to U.S. policy toward Cuba, 1962-64, that the Review Board has made available.

Sincerely,

Eileen A. Sullivan
Press and Public Affairs Officer
