Dear Mr. Galanor:

Per our conversation on April 15, 1998, I have enclosed a list that contains meeting dates and numbers of documents that the Board has reviewed to date. This list does not include the 23,388 consent releases, which are documents that are released (open) in full automatically by the agencies based on previous Board decisions.

The database that contains percentage information about redactions in documents shows that approximately 86% of all documents released by the Review Board contain ten or fewer redactions, and 58% contain fewer than three redactions.

I hope this information is helpful to you. Please do not hesitate to contact me if you have any questions.

Sincerely,

Eileen A. Sullivan
Press and Public Affairs Officer
