Jennifer Krasucki  
49 Line Road  
Malvern, PA 19355

Dear Jennifer:

Per our telephone conversation, I am sending information to you about the work of the Review Board. In this packet I have included a brochure that briefly describes the investigations that have taken place regarding the assassination of President Kennedy.

The Assassination Records Review Board was created to oversee the release of records related to the assassination of President John F. Kennedy. We are not investigating the assassination itself.

I hope this information is helpful to you. Please do not hesitate to contact me if you have any questions. Good luck with the term paper.

Sincerely,

Eileen A. Sullivan  
Assistant Press and Public Affairs Officer
