

December 22, 1997

Mr. Dan Moll
Deputy Staff Director
Government Reform and Oversight Committee
United States House of Representatives
2157 Rayburn House Office Building
Washington, DC 20515

Dear Dan:

I am enclosing a news release on the Review Board's release today of approximately 800 pages of military records on U.S. policy toward Vietnam from 1963-64. In addition, I have included a sampling of some of the documents. The Board's view is that these types of records enrich the historical record surrounding the assassination, much like the military documents we released last month on U.S. policy toward Cuba in the early 1960's.

We wish you the best during the holiday season and look forward to talking with you in the near future. Please do not hesitate to contact us if you have any comments or questions.

Sincerely,

Thomas E. Samoluk
Deputy Director
