Dear Mr. Schiller:

Thanks very much for taking the time to chat with me today on the telephone. As promised, I am sending you a copy of our legislation along with an information packet.

If you have no objections, I would very much like to speak with you again about your experience in Moscow and Minsk and about the records that you collected there. In the meantime, if you have any questions, please give me a call.

Sincerely,

David G. Marwell
Executive Director
