Dear Mr. Slade:

Thank you for your recent letter in which you requested information on Nikita Khrushchev and his involvement in the assassination. Unfortunately, your request is inconsistent with the work that the Review Board does.

If you wish to pursue information about this theory, I suggest you consult your local library, or check with the National Archives for information it might have in the JFK Collection about this subject.

Again, thank you for writing. I hope this information is helpful to you.

Sincerely,

Eileen A. Sullivan
Press and Public Affairs Officer
