Dear Reverend Sorenson:

Thank you for your recent letter. It has been a few months since we have corresponded, but I trust that you continue to receive our regular meeting updates.

In your letter, you made suggestions about the JFK Collection database. I have recently heard from the staff at the National Archives that the database is being updated and the capabilities for searches will be greatly expanded.

You also mentioned the film allegedly taken by Beverly Oliver Massegee. The issue of the existence and location of this film has been explored by the Review Board, and we have found no record of this film having been received by the FBI. There is no indication of any information about this film in the FBI files. If you have information about the existence of this film, you can forward it to me and I will share it with the appropriate staff members.

I hope this information is helpful to you.

Sincerely,

Eileen A. Sullivan  
Press and Public Affairs Officer
