SUPPLEMENTARY INFORMATION:

Background

The President John F. Kennedy Assassination Records Collection Act of 1992, 44 U.S.C. 2107 note (as amended) (ARCA), established the President John F. Kennedy Assassination Records Collection (the JFK Collection) at the National Archives and Records Administration (NARA). In establishing the process for public disclosure of all records relating to the assassination, Congress created an independent agency within the executive branch, the Assassination Records Review Board

(the Board), which consists of five citizens appointed by the President. Under the statute, the Board is empowered to decide "whether a record constitutes an assassination record." 44 U.S.C. 2107 note Sec. 7(i)(2)(A). Congress further made clear its intent that the Board "issue guidance to assist in articulating the scope or universe of assassination records." *President John F. Kennedy Assassination Records Collection Act of 1992*, S.Rep.102-328, 102d Cong., 2d Sess. (1992) at 21.

In constructing the proposed guidance set out here, the Board seeks to implement congressional intent that the JFK Collection contain "the most comprehensive disclosure of records related to the assassination of President Kennedy." *Id.* at 18. The Board is also mindful of Congress's instruction that the Board apply a "broad and encompassing" working definition of "assassination record" in order to achieve the goal of assembling the fullest historical record on this tragic event in American history and on the investigations that were undertaken in the assassination's aftermath. The Board recognizes that many agencies have already begun to organize and review records responsive to the ARCA even before the Board was appointed and began its work. Nevertheless, the Board's aim is that this guidance will aid in the ultimate assembly and public disclosure of the fullest possible historical record on this tragedy and on subsequent investigations and inquiries into it.

The Board's proposed guidance is designed to help government agencies and the Board identify and make available to the public all documents that will enhance, enrich, and broaden the historical record of the assassination of President John F. Kennedy. The Board

seeks through this guidance to fulfill Congress's "inten[t] and emphasis that the search and disclosure of records under this Act must go beyond" the records of previous commissions and committees established to investigate President Kennedy's assassination. *Id.* at 21. The Board also seeks to provide notice of the scope of its intended exercise of authority to seek additional information or records in order to fulfill its functions and responsibilities under the ARCA.

In addition, the Board proposes to create a mechanism to facilitate the Board's ongoing work and to further ensure future public access to the broadest possible historical record. This mechanism will be known as the "Catalog of Assassination Records" (COAR). The COAR is intended to be an official listing of all records determined by the Board to meet the definition of "assassination record" and included in the JFK Collection.

Request for Comments

The Board seeks public comment on its proposed interpretive regulations intended to provide guidance on the interpretation of the term assassination record, the intended scope of its exercise of authority to seek additional information or records, and its additional proposals for implementation of the ARCA.
