re: Advance copy -- Assassination Records Review Board
Federal Register notice
date: July 5, 2017
pages: 8, including cover sheet.

For your information and at Brian Dettelbach's suggestions, accompanying this cover sheet is an advance copy of Assassination Records Review Board's proposed interpretive regulations scheduled to be made public tomorrow. These regulations are intended to provide guidance for interpretation of certain terms in the Assassination Records Collection Act of 1992, including the scope of the term "assassination record." The proposed regulations also provide guidance for the implementation of other provisions of the Act.

These proposed regulations will be published in tomorrow's Federal Register and are in the Federal Register reading room today. The Board has requested public comment and set a 30 day comment period (which will end at close of business, March 10).

If you have any questions or comments on this or any other matters, please don't hesitate to give me a call at 724-0815 or the Board's main number, 724-0088.

Sincerely,

Sheryl L. Walter
General Counsel
