RE: Additional background information for March 7 meeting with
Director Bowron

Dear Don:

As additional background information for the March 7 meeting between the members of the Assassination Records Review Board and Director Bowron, accompanying this letter is a copy of proposed interpretive regulations the Board published for notice and comment a few weeks ago.

The interpretive regulations propose guidance on interpreting and implementing *The John F. Kennedy Assassination Records Collection Act of 1992*, which is the legislation that created the Review Board and established its powers and duties. The Review Board welcomes any comments that your agency may wish to submit in response to these

proposed regulations. (The deadline is March 10.) However, even if you do not wish to submit comments I thought it might be useful for you to know about them in case the issue came up during the meeting on March 7.

If you have any questions, please don't hesitate to give me a call at 724-0088, ext. 231.

Sincerely,

*Sheryl L. Walter
General Counsel*
