Dear Ms. Edisen:

Thanks for you for your December 3, 1994 letter to me enclosing copies of materials regarding your Freedom of Information Act requests and other efforts to secure the release of certain documents related to the assassination of President Kennedy. David Marwell, the Board's executive director, also has asked me to thank you for your December 5 letter to him on this matter. I apologize for the delay in getting back to you.

For some reason, your package unfortunately was misdirected to another office in our building and did not reach me until late last week.

We greatly appreciate your prompt followup with the Board of the information you provided in your testimony at our Dallas hearing last month.

The Board staff will be following up on this and other pending FOIA litigation and requests as a priority project in the next few months. If we have any questions related to your letter or the documents you have sought, I hope we will be able to rely on your continuing cooperation.

We will keep you informed as we identify or are able to release the documents that you seek. Please let us know if you have any questions or additional information on the existence or identity of documents that may fall into the scope of the Board's mandate. Thank you for your interest in and assistance with the work of the Assassination Records Review Board.

Sincerely,

Sheryl L. Walter  
General Counsel
