Professor Robert G. Blakey
University of Notre Dame Law School
Room 326
Notre Dame, IN 46556

Dear Bob:

I am enclosing a copy of the results of our efforts on the BriLab issue. The tapes themselves suggest that Marcello believed it likely that he was being recorded. There were a few instances -- none of them related to the assassination -- where he left the room in order to continue the discussion of a sensitive issue.

Alas, 13 small needles in one giant haystack.

Best wishes,

T. Jeremy Gunn
Executive Director and
General Counsel
