VIETNAM COUNTRY FILE: INTRODUCTION AND OVERVIEW

From November 1963 to May 1967 documents on Vietnam were filed in chronological order in 72 volumes, with separate folders for NODIS cables, Special Intelligence material, Special Category messages, and Southeast Asia material (see boxes 1-54). By October 1967 a formalized numeric-alphabetic subject file system had been instituted (see boxes 58-108), which was used through January 1969. Substantial amounts of Vietnam material, however, were filed neither in the chronological file (boxes 1-54) nor in the numeric-alphabetic subject file (boxes 58-108) but in boxes 108-262, as seen in the outline of the Vietnam Country File below.
