ASSASSINATION RECORDS REVIEW BOARD

*Notice of Privacy Act Systems of Records*

**AGENCY:** Assassination Record Review Board

**ACTION:** Notice of Systems of Records

**SUMMARY:** Each Federal agency is required by the Privacy Act of

1974, to provide public notice of systems of records it maintains

containing personal information. In this notice the Assassination

Records Review Board provides the required information on nineteen

such systems of records.

**FOR FURTHER INFORMATION CONTACT:** T. Jeremy Gunn, General

Counsel, Assassination Records Review Board, 600 E Street, N.W., 2nd

Floor, Washington, D.C. 20530.

**SUPPLEMENTARY INFORMATION:** Section 552a(e) of the Privacy Act of 1974 directs each Federal agency to provide notice to the public of systems of records it maintains on individuals. If necessary, future notices will describe other systems of records and other uses of systems of records maintained by the Review Board. Any questions concerning these notices, or other Privacy Act issues, should be directed to the Office of the General Counsel. Elsewhere in today's Federal Register appears a regulation exempting certain systems of records from certain requirements of the Privacy Act.

#### PROCEDURES FOR ALL SYSTEMS OF RECORDS

##### **Notification Procedure:**

Requests by an individual to determine if any Assassination Records Review Board system of records contains information about him/her should be directed to the Privacy Act Officer at the Assassination Records Review Board, 600 E Street, N.W., 2nd Floor, Washington,

*D.C. 20530. Requesters will be required to provide their complete name and a certification indicating that they are the person they claim to be, to the Privacy Act Officer. To ensure that the Review Board does not make a wrongful disclosure, the Privacy Act Officer may, at any time, require additional information verifying the identity of the requester. Section 1415.15 of the Review Board's Rules Implementing the Privacy Act, printed elsewhere in today's Federal Register, establishes procedures for systems of records notification.*

***Record Access Procedure:***

*The record access procedure is the same as the notification procedure, except that an individual must present to the Privacy Act Officer an official photo identification, such as a driver's license, passport, or Government identification, before viewing records. Sections 1415.20 and 1415.25 of the Review Board's Rules Implementing the Privacy Act, printed elsewhere in today's Federal Register, establishes procedures for accessing Privacy Act records.*

## Contesting Record Procedure:

An individual may request amendment of those records covered by the Privacy Act that are not accurate, relevant, timely, or complete. Section 1415.35 of the Review Board's Rules Implementing the Privacy Act, printed elsewhere in today's Federal Register, establishes procedures for requesting amendment of Privacy Act records.

## **ROUTINE USES FOR ALL SYSTEMS OF RECORDS**

### *Routine Use for Disclosure to the Department of Justice for Use in Litigation*

*To the Department of Justice when: (a) the Review Board, or (b) any employee of the Review Board in his or her official capacity where the Department of Justice has agreed to represent the employee, or (c) the United States Government, is a party to litigation or has an interest in such litigation, and by careful review, the Review Board determines that the records are both relevant and necessary to the litigation and the use of such records by the Department of Justice is therefore deemed by the Review Board to be for a purpose that is*

compatible with the purpose for which the Review Board collected the records.

#### Routine Use for Other Disclosures in Litigation

To a court or adjudicative body in a proceeding when: (a) the Review Board, or (b) any employee of the Review Board in his or her official capacity, or (c) any employee of the Review Board in his or her individual capacity where the Review Board has agreed to represent the employee, or (d) the United States Government, is a party to litigation or has an interest in litigation, and by careful review, the Review Board determines that the records are both relevant and necessary to the litigation and the use of such records is therefore deemed by the Review Board to be for a purpose that is compatible with the purpose for which the Review Board collected the records.

#### Routine Use for Law Enforcement Purposes

When a record on its face, or in conjunction with other records,

*indicates a violation or potential violation of law, whether civil, criminal, or regulatory in nature, and whether arising by general statute or particular program statute, or by regulation, rule, or order issued pursuant thereto, disclosure may be made to the appropriate agency, whether Federal, foreign, state, local, or tribal, or other public authority responsible for enforcing, investigating, or prosecuting such violation or charged with enforcing or implementing the statute, or rule, regulation, or order issued pursuant thereto, if the information disclosed is relevant to any enforcement, regulatory, investigative, or prosecutive responsibility of the receiving entity.*

*Routine Use for Disclosure to a Member of Congress at the Request of a Constituent*

*To a member of Congress or to a Congressional staff member in response to an inquiry of the Congressional office made at the written request of the constituent about whom the record is maintained.*

Routine Use for Disclosure to NARA

Records from systems of records may be disclosed to the National Archives and Records Administration or to the General Services Administration for records management inspections conducted under 44 U.S.C. 2904 and 2906.

Routine Use for Disclosure to Contractors Under Section (m)

To Review Board contractors, grantees, experts, consultants, or volunteers who the Review Board engages to assist in the performance of a service related to a particular system of records and who need to have access to the records in order to perform the activity. Recipients shall be required to comply with the requirements of the Privacy Act of 1974, as amended, pursuant to 5 U.S.C. 552a(m).

Routine Use for Disclosure to HHS Parent Locator System for Finding Parents Who Do Not Pay Child Support

The name and current address of record of an individual may be

disclosed from certain systems of records to the parent locator service of the Department of HHS or authorized persons defined by Public Law 93-647. 42 U.S.C. 653.

Routine Use for Use in Employment, Clearances, Licensing, Contract, Grant, or Other Benefits Decisions by the Review Board

Disclosure may be made to Federal, state, local, or foreign agency maintaining civil, criminal, or other relevant enforcement records, or other pertinent records, or to another public authority or professional organization, if necessary to obtain information relevant to an investigation concerning the retention of an employee or other personnel action (other than hiring), the retention of a security clearance, the letting of a contract, or the issuance or retention of a grant, or other benefit.

Routine Use in Employment, Clearances, Licensing, Contract, Grant, or Other Benefit Decisions by Other than the Review Board

*Disclosure may be made to a Federal, state, local, foreign, or tribal or other public authority that certain systems of records contain information relevant to the retention of an employee, the retention of a security clearance, the letting of a contract, or the issuance or retention of a license, grant, or other benefit. The other agency or licensing organization may then make a request supported by the written consent of the individual for the entire record if it so chooses. No disclosure will be made unless the information has been determined to be sufficiently reliable to support a referral to another office within the agency or to another Federal agency for criminal, civil, administrative, personnel, or regulatory action.*

The JFK Act requires that all agencies with assassination records process those records under the JFK Act and to create a form that

identifies the record. Then, the agency sends its record identification forms to the Review Board. Thus, all information in the record identification form comes from the agency that created the document.
