Dear Dr. Saslaw:

I have just read your voice mail which you left today in response to my letter of May 2, 1996. The minor changes which you requested to your affidavit have been incorporated into the text.

Two copies of the affidavit are enclosed--one for you to retain, and one for you to return to the Review Board after it has been signed and notarized. Please sign the affidavit in the presence of a notary public as soon as you return from your trip next week, and return one notarized copy of it to the Review Board as soon as possible, preferably not later than May 17, 1996. We have enclosed a pre-addressed, stamped envelope for your use.

Thank you, again, for your helpfulness and cooperation.

Sincerely yours,

Timothy A. Wray
Chief Analyst for Military Records
