Dear Dr. Saslaw:

I want to thank you for meeting with Mr. Wray and Mr. Horne on April 25, 1996 in our offices to discuss the AFIP lunch room conversation which you witnessed in November, 1963.

We have prepared an affidavit for your consideration which we feel very accurately records the substance of what you told us on April 25, 1996. Two copies of this affidavit are enclosed with this letter. Please review it carefully. If there are only minor changes you wish to make, or no changes at all, please sign the document in the presence of a notary public and get it notarized. One copy is for you to keep, and the other should be returned to the Review Board in the pre-addressed, franked envelope provided.

Of course, should you wish to make substantial changes to the affidavit, you are free to prepare your own and substitute it for the affidavit we have provided. Please call either Mr. Tim Wray, or Mr. Douglas Horne, if there is anything about this matter you wish to discuss prior to signing the affidavit.

It is our hope that you place the notarized affidavit in the mail to us no later than May 10, 1996. Again, thank you very much for your cooperation in this matter. Your notarized observations will be placed in the JFK Collection at the National Archives.

Sincerely yours,

T. Jeremy Gunn  
Chief Counsel
