Dear Dr. Kirschner:

On behalf of the members of the Review Board, I wish to thank you for coming to Washington on April 11, 1996, to assist us in understanding the autopsy photographs and X-Rays of President Kennedy. We appreciate your willingness, on short notice, to assist in our efforts to clarify and complete the record of the President's autopsy.

Our administrative staff has submitted your travel claim for processing and you should receive a reimbursement check for allowable per diem and travel expenses in the near future. Please let me know if you do not receive the check by mid-May.

Again, thank you for your professional and courteous assistance.

Sincerely,

David G. Marwell  
Executive Director
