RE: Church Committee documents Box 37, Folder 1 - Partial Interview with a Mr. Sturbitts
FILE NO.: 4.0.2 (AMLASH)

This partial transcript of an interview conducted by the Rockefeller Commission in 1975 was with an unnamed individual according to the RIF. However, the first page of the partial transcript names a Mr. Sturbitts as the person being asked about mounted or alleged assassination attempts against Fidel Castro. Discussions with Desmond Fitzgerald in Paris in the October, November 1963 time period are mentioned. Further along in the partial transcript is a redacted name of a member of the "Special Activities Staff" who was stationed in Washington and "in contact with Cuban military-type."

I believe it would be worth trying to obtain the unredacted copy of this transcript as well as the full text of the interview.
