Re: FBI Documents

Per our conversation, I am faxing the following (note that newly released information is in brackets):

1. Document about Ruby shooting of Oswald.
2. Document with information from an informant about an attorney who wants to represent Ruby.
3. Document dealing with Communist Party, USA reaction to the assassination.
4. Excerpt from House Select Committee on Assassinations Report in which Warren Commission conclusions about Ruby and different conclusions by the Select Committee are discussed.
