Dear Mr. Kangas:

Thank you for your January 31, 1995 letter and the enclosures.

As I stated in my previous letter, the Review Board's schedule for additional public hearings has not been set at this time. Any future public hearings will be preceded by a notice in the Federal Register and a news release. Notice will be provided to you and other interested parties.

The Review Board held a closed meeting on January 25, 1995. The meeting was posted in the Federal Register. I have enclosed a copy of the notice for your information. The Board did not hold a public forum on January 29, 1995.

*The Review Board has yet not made any decisions regarding the release of specific records of which I can advise you. The Board has received a significant amount of information regarding the release of various assassination records and intends to review all leads with which it has been provided in an effective and efficient manner.*

*As always, thank you for your continuing interest in the Review Board.*

*Sincerely,*
