RE: KENNEDY ASSASSINATION RECORDS REVIEW BOARD

I recently read your November 22, 1994 article in The Hackensack Record. I thought you might be interested in the work of the Assassination Records Review Board, a new independent federal panel appointed by the President to oversee the review and release of all Kennedy assassination records. I am faxing the following materials for your information:

1. One-page fact sheet on the Board;
2. Dallas Morning News article on the Board's recent hearing in Dallas;
3. News release on the Board's plans for early 1995; and
4. Copy of a National Archives brochure on the JFK Assassination Records Collection Act (for background on the law creating the Board).

Please do not hesitate to contact me if you have any interest in the work that the Board is doing.

RE: KENNEDY ASSASSINATION RECORDS REVIEW BOARD

Thank you for your interest in the Kennedy Assassination Records Review Board. As I mentioned, John Tunheim, the Board Chair could be made available for an interview to discuss the Board and plans for the review of assassination records and further public hearings in early 1995. The Board will be very active in 1995 and I thought an interview with Mr. Tunheim would be appropriate as we approach the end of this year.

Per our telephone conversation, I am faxing the following materials for your information:

1. One-page fact sheet on the Board;
2. Dallas Morning News article on the Board's recent hearing in Dallas;
3. News release on the Board's plans for early 1995;
4. Copy of a National Archives brochure on the JFK Assassination Records Collection Act (for background on the law creating the Board); and
5. A biography of Mr. Tunheim.

Please do not hesitate to contact me if you have any interest in scheduling an interview with Tunheim or questions about anything else connected with the Board. Thanks.
