RE: FOLLOW-UP ON TODAY'S MEETING & BOARD MEETING ON WED., DEC.
14

First, let me say thanks again for arranging today's meeting. Jack, David and I really appreciate the opportunity we had to come over to the Post.

Second, we are very interested in following up. Jack and David can be made available at your convenience. As w discussed, a piece on the Board in the near future would set the stage nicely for the Board's activities in early 1995, including more public hearings and the actual review of documents.

Third, I am faxing the public notice for the next Board meeting on Wednesday, December 14th AT 2:00 P.M.

Again, thanks for your efforts.
