Dear Mr. Russo:

Thank you for your recent letter to Mr. Marwell in which you provided the Review Board with additional information about various assassination records. He asked me to respond and let you know that these materials will be added to the other information for review that you have previously provided.

As I know you are aware, the Congress made clear that the Board is to use the expertise that individuals such as yourself have gained through many years of research. That is why the type of information you have sent to use will be very useful in the Board's review of records and search for additional documents.

Again, thank you for your continuing interest in the Board and for your assistance. We look forward to being in touch with you in the near future.

Sincerely,

Thomas E. Samoluk, Esq.  
Press and Public Affairs Officer
