

List of all ARRB Lotus Notes database files as of 8-16-98

This list will be reviewed and database files that meet the agencies record keeping standards will be moved to longterm CD-ROM storage. Many of the database files listed are example data that comes with the Lotus Notes product. Database files that have individual names contain email that is also stored in the Record file

- |    |                                                      |                                                                                                    |
