:

Due to the errors on your last few paychecks, I have done some research and created the attached spreadsheets for your information.

As of the paycheck dated 4/26 (for the pay period of 4/2-4/15) all errors in pay have been corrected by the payroll office and we anticipate no future errors. I have included future pay periods on the spreadsheet to help you track your earnings for the remainder of the year. Of course, if you would like me to periodically update this sheet for you I would be happy to do so.

I have also included a spreadsheet that shows all travel reimbursements made to you through April. If you find that you haven't received all of your reimbursement checks, please let me know.

If you have any questions about any of this information, please feel free to give me a call.

Telephone: (202) 724-0088 ■ Facsimile: (202) 724-0457
