US atty Gen'l Robert Kennedy + Mr. W. Dulles<sup>Allen</sup>

Dear Sirs:

There are possibly no two men  
alive in America who have brought as  
much injury to my life the past  
few years as RFK and Allen Dulles.  
Yet, recalling a time when I held you  
both in highest admiration, I look  
to these days, from which I feel  
compelled to direct the following  
information to your attention:

11112191

SECRET

SECRET

The following may have no bearing  
to the tragic assassination of  
Pres. Kennedy, but I never the less  
submit it for your study & considera-  
tion

1. Writer knew Jack Ruby - commented  
to friend "in our Shaw Hotel room"
2. Writer believes Jack Ruby was  
meeting Syndicate members in  
San Diego between last months  
of 1961 and early months of 1962.  
The meeting of the Synd. members  
was at "The Brasserie" a bar-restaurant  
owned by two Hungarian  
members. Was used as a Syndicate  
front.
3. Jack Ruby is known as a "forge-  
man" in these operations, and  
not only is it for him to have had  
a hand in stimulating the assass-  
ination of JFK by LHO, but likewise  
pre-arranged the attitudes for the  
assassination which was ordered from  
the East Coast. LHO was a  
"sitting duck" to be used for the  
actual killing of Pres. Kennedy.  
Writer believes that LHO was  
to have met his accomplice  
in the theatre, have been highly  
paid & escaped to Mex or Cuba  
If syndicate had stimulated it right  
of assassination LHO would have been killed  
w/in a few hours of JFK's death  
anyway

"Please know that I deeply regret that so much action was taken against my mail and other outlets while in San Diego 1961, for as I then suggested in my communications, I could have indeed forwarded some very strong evidence against the welfare of our people and nation which emanated from near the border.

I prefer <sup>to</sup> not ~~sign~~ sign my name, rather just enclosing one of my old cards to acknowledge the sender of this letter. 3. No mention of CIA in the report and 2 <sup>only</sup> pieces of info originating w/ CI. 1) from regional 10/10/63 report which told FBI that LHO had been in Mexi: the passage read:

" In October 1963, the FBI received reports that a person possibly identical w/ Lee Harvey Oswald had been in Mexi during the latter part of Sept. & the first part of Oct 63, when he was in touch w/ Sov. Embassy to inquire if a request had been received from Washington. It was later determined that this referred to his request for a visa to enter the Soviet Union.

" I did not feel that the statement if passed to the investigating comm'n would breach our operational security. The other item based mainly on our information dealt w/ the statements of the Mex'n consular empe who had talked to LHO on his visit to Mexi. Much of the info has been published, & it is not sensitive

11112195

4. Several relevant items which CIA gave FBI like travel data on LHO family hadn't appeared at all. But omission **SECRET** doesn't impair the report

5. Startling new revelation is that LHO had been person who friend at Gen'l Edwin Walker last Spring. Planned get out on 3 Dec 63 when Marina told FBI of incident

6. Of interest to CIA + wants of much detailed slits, in fact revealed about LHO's stay in S.U + dealings w/ the "MVD" ... The depth of this material is such that it will require detailed analysis, but at first reading, it does not support anything that the Soviet got him to shoot JFK.

"One interesting item is a handwritten report on a meeting ~~he had~~ he had w/ a U.S. Consul in the U.S. Embassy in Moscow shortly after he arrived there in 1959. It was apparently written right after the interview and could well have been a raw report for the MVD.

7. Included in toto are photoreproductions of the Soviet Consulate file on the Oswald family which was turned over by the Soviet Embassy, etc. It shows that Marina had been long trying to get back to USSR + that LHO finally decided to go back himself.

Subj: Discussion w/ AWD  
on LHO case

1. At the instructions of the DDP, I visited Mr. Dulles on 11 April to discuss w/ him certain questions which Mr. Dulles feels the WC may pose to the CIA. Mr. Dulles explained that while the WC wanted to clarify certain aspects of the Oswald case in which a response from CIA seemed necessary, it was not sure how the question should be posed nor how CIA should respond. Mr. Dulles hopes that our discussion would enable him to advise the Comm on this matter. He first raised the allegation that Oswald was a CIA agent. He mentioned two sources for the allegation:
  - 1) Marguerite +
  - 2) Mark Lane

2. Mr. Dulles then suggested that the response to the question could be in the form of sworn testimony before the WC by a senior CIA official or a letter or affidavit. He recalled the Director of FBI had replied by letter to a similar question.

11112202

3. The mem? concerned the possibility of LHO's having been a Soviet agent. Dull's suggested that the WC's ? on this matter be phrased somewhat as follows . . .

4. —  
 5. — After concerning these ?'s of direct interest to CIA, Mr. Dull's mentioned other issues which concerned the Comm. m. He remarked that members of the WC could not understand why CIA had not begun an investigation of LHO as soon as it received word that he had defected. I noted that this ? had been discussed w/ Mr. Rankin & his staff ~~and~~ <sup>and</sup> there seemed to be considerable understanding of the practical circumstances which made it impossible for CIA to undertake such investigation inside the USSR. I expressed the hope that it would not be necessary for CIA to place matters of this sort in the public record. Mr. Dull's agreed.

Subj: Discussion w/ Dulle re  
Nosenko info on LHO

1. Mr. Dulle, w/ whom I spoke today recalled his earlier conversation w/ you on this subject and said that there were still some members of the Comm'n who were concerned lest they suppress the NOSENKO info now only to have it surface at a future date. They expressed concern that this could possibly prejudice the entire WC report. I told Mr. Dulle that this concern was understandable but that we still felt the best course by far would be to omit any reference to the NOSENKO info in the final report. While it is conceivable that Nosenko might someday be in a position to claim that he provided info on the JFK assassination. I said that the diff. between Nosenko's situation & that of other bona fide defectors was such that it would be less likely that Nosenko would be allowed to surface in this way. I noted that if the Nosenko information were included as is

11112204

SECRET

SECRET

in the final commission report and then later the facts of Nosenko's agent mission become public knowledge, this could have perhaps an even greater negative effect on the standing of the Commission report. The only way for the WC to avoid this and still use the info.

would be for them to indicate that doubt existed regarding the source of the info. We would be opposed to this because it would signal to Nosenko's principals something of how we viewed this case and could also bring about renewed press and public interest in Nosenko.

2. Mr. Dulles and I then exchanged views on the possibility of finding language which would allude to the existence of the unverified info on the Oswald case. This language would permit the WC to say if challenged in the future on this issue that it had taken the Nosenko info into consideration in the final report but at the same time it would not be presented in a manner which would be at variance w/ the inst opera's consideration we have raised.

11112205

SECRET

SECRET

3. It was agreed an effort would be made to find such language of Mr. Dulles is again unsuccessful in persuading his colleagues to eliminate any reference to the Rosenbergs from the report. To attempt this however, we would have to know precisely in what context the WC intended to make use of the Rosenbergs. This Mr. Dulles will have to determine from Mr. Parkin. He will do this as soon as possible. He knows that I am leaving the week and therefore, will contact you as soon as he has the info he needs from Mr. Parkin.

4. I have briefed Pete Bagley on the latest development & since he & Lee Wigren in my shop are fully cognizant of all the problems involved they can work out language for your approval which hopefully will be satisfactory. Mr. Bagley knows Mr. Dulles & would be the most suitable person to work w/ him directly if this is indicated.

Mr. Dulles & Mr. Rankin found

any Nosenko info in the report.  
and after some discussion,  
there was general agreement  
on this view. The circumstances  
which contributed to this con-  
clusion are summarized  
below.

11112209

as such some time after the ap-

however, evaluate the accuracy of what Nosenko has reported on the Oswald case, and the significance of his having reported it.

b. Even without public discrediting of the source, specific aspects of Nosenko's information are likely to lead to questions and doubts on the part of perceptive readers.

c. Once Nosenko is exposed as a KGB plant, there will arise the danger that his information will be misrepresented by the press and public, leading to conclusions that the USSR did direct the assassin.

d. The agency's greatest contribution to the resolution of the questions at hand would be to break Nosenko and get the full story of how and why he was told to tell the story he did about Oswald. While we have no certainty that we can do this, if we are to succeed we need time and must in the meantime avoid creating pressure which might force us to release Nosenko to the public domain. There, articulate and plausible he would unquestionably be able to establish himself

beyond a open dislodging, since the story cannot easily be pierced by trained specialists, much less by private citizens. 3

4. Parker felt that some mention of Rosenko might be inevitable, at least when after WC report published press would ask WC about it & what he contributed. Helms suggested that CIA could provide a group of Soviet intel defectors to letters to WC & WC could then report that "defectors" in gen'l & w/out naming Rosenko had given info. CIA said it found Commission draft #4 acceptable in this regard.

In the above memo I mentioned several items warranting add'l FBI action. Some of these have since been reported on by that Agency. On 29 April 64 I spoke to Pappe in presence of Birch O'Neal C/CI/SIS

asked Pappe for further details w/ respect to #1's 2, 3, 4, 5 + 11 give memo. These pertain to mysterious letters sent to LHO & RFK; extent of LHO's photographic talents prior to empl. at J-C-S; the missing Gilberto Lopez; the phony draft cards in LHO's possession; and allegation that Jack Ruby had interest in Miami + Havana garden houses in early 50's - and arranged illegal flight to Cuba for the Castro organization - Ruby allegedly part owner of 2 planes. Pappe said it sounded like nonsense. Dooley replied that since FBI used an informant symbol for the info, ~~that~~ <sup>it</sup> had no way of determining veracity of the source

Attached for your info, comment, and correction is the original, unexpurgated version of the report on SPFLOOR covering Oswald's stay in Mexico and including summaries of (the telephone intercepts). This may be useful to your analysts who are processing the rest of the material and to the people preparing the final report. In writing this <sup>(aid)</sup> report, I have made certain comments and indulged in a certain amount of analysis, because the naked facts seemed to call for it. These thoughts are my own. Feel free to make your own analysis.

"As chance would have it, none  
of our several photo observation  
points in Mx City had ever taken  
an identifiable picture of Lee  
Oswald."

Mx City often produces info like  
this on US citizens contacting Soviet  
Bloc embassies in Mx City.

Frequently evidence is incriminating.  
Disreg info on Americans is not  
treated routinely; in each case  
the DPP or AODP personally  
scrutinize the info, make sure  
its credible & decide whether  
& to whom it will be passed.

Only in absolute emergencies  
is the Mx City authorized  
to pass such info directly to  
FBI office in US Emb.
