RE: REQUEST BY HOUSE SELECT COMMITTEE ON ASSASSINATIONS
U. S. HOUSE OF REPRESENTATIVES (HSCA)
FOR LATENT PRINT COMPARISONS

Letter July 13, 1978, and specimens delivered to REFERENCE: Latent Fingerprint Section on July 13, 1978 EXAMINATION REQUESTED BY: Addressee SPECIMENS: Two cards bearing five transparent lifts

Five photographs of enlarged inked fingerprints

This report supplements and confirms the information personally furnished to Mr. Kenneth Klein on July 13, 1978.

The specimens were examined and four latent fingerprints of value for identification purposes are present on three of the transparent lifts.

The latent fingerprint, which is present on the lift on the card bearing the notation "off back of 39E2," and the inked fingerprint appearing in the two photographs designated A-1 and A-2 in the Latent Fingerprint Section were made by one and the same individual.

(Continued on next page)

THIS REPORT IS FURNISHED FOR OFFICIAL USE ONLY

July 14, 1978

Mr. G. Robert Blakey

The two latent fingerprints, which are present on one lift on the card bearing the notation "B - from inside outer edge of safe door," and the inked fingerprints appearing in the two photographs designated B and C in the Latent Fingerprint Section were made by one and the same individual.

The remaining latent fingerprint is not identical with the inked fingerprints appearing in the five submitted photographs.

The specimens are being retained in the Latent Fingerprint Section until called for by a representative of your office.

PERSONAL IDENTIFICATION

To obtain classifiable fingerprints:

- 1. Use printer's ink.
- 2. Distribute ink evenly on inking slab.
- 3. Wash and dry fingers thoroughly.
- 4. Roll fingers from nail to nail, and avoid allowing fingers to slip.
- 5. Be sure impressions are recorded in correct order.
- 6. If an amputation or deformity makes it impossible to print a finger, make a notation to that effect in the individual finger block.
- 7. If some physical condition makes it impossible to obtain perfect impressions, submit the best that can be obtained with a memo stapled to the card explaining the circumstances.
- 8. Examine the completed prints to see if they can be classified, bearing in mind the following:

 Most fingerprints fall into the patterns shown below (other patterns occur infrequently and are not shown here):

RE:

The tampering with Kennedy Autopsy photos located in Safe #102095 in the Reading Room of Room 3381

of the Committee Offices.

About 4:05 P.M. Friday June 23, 1978, Mark Flanagan upon returning some autopsy material to the Security Room along with Lance Svendsen of the Security Staff upon opening safe #102095 noted that several Kennedy autopsy photos were loose on top of the Kennedy Autopsy photo books. The photos removed from the books were numbered 39E1, 39E2, 40E and 41E. This was two pages consisting of 4 photos. 39E1 and 39E2 along with the cellophane cover had been ripped from the book, and the cellophane enclosure was torn at binder holes. One photo, 39E2 was out of the cellophane enclosure and lying loose. A quick check by Flanagan and Svendsen revealed the photos were from Book Five, Part One of the Kennedy Autopsy photos. An immediate check of all the photo books was begun to ascertain if any other photos were missing. This check by Flanagan and Svendsen showed no other photos to be missing or tampered with. Book Five, Part One had not been signed out since September of 1977 according to the check out log. Both Flanagan and Svendsen stated they would have noticed the photos when the safe was opened at 10 A.M. Friday June 23, 1978 if they had been lying where they were when discovered. They both feel there was no way this could have been done accidently. Someone had to enter the safe, and do this. The safe was unlocked, but shut.

Approximately 5 P.M. Friday, June 23, 1978 at the request of Committee Investigator John Moriarty, three members of the Metropolitan Police Identification section responded to Room 3381 for the purpose of attempting to get latent prints. Pvt. Pat McGinnis, Sgt Blake and Detective Pvt McGinnis was able to lift 13 separate cards of latent prints from the interior of the safe, and from the Kennedy Autopsy photo book that was tampered with. These men left at approximately 8:35 PM Friday June 23, 1978. Investigator John Moriarty, William H. Cross or Chief Counsel G. Robert Blakey were present at all times during the lifting of the prints. The lifted prints were turned over to Investigator John Moriarty, and remained in his possession.

The persons who were in this office alone on Friday June 23, 1978 were of the

Committee Staff, and Regis Blahut of the CIA.

On Monday June 26, 1978 the 13 cards of prints lifted by Pvt McGinnis were turned over to Director of Security Robert Morrison by Investigator John Moriarty and locked in safe #45471 in Room 3381 of Committee Office.

On June 27, 1978, and June 29, 1978 requests were made to the FBI for certain Committee Staff member fingerprint cards.

JFK Act 6 (3)

The first request for cards was filled, and received the latter part of the week of June 25, 1978. The second request was filled and received on July 5, 1978. Investigator John Moriarty had contacted a Pvt Colon Alford of the Metropolitan Police Identification section, and requested he try to make comparisons of known and latent prints. During the week of June 26, 1978 Pvt. Alford spent one hour in Committee spaces checking staff members prints against those lifted. On July 5, 1978 at the request of Pvt Alford, and with the consent of Chief Counsel G. Robert Blakey the 13 cards of lifted prints and all staff member print cards from the FBI were turned over to Pvt Alford which he receipted for, so he could take them away from Committee spaces to enable him to spend more time studying them. During the week of July 2, 1978. Pvt Alford was able to obtain the fingerprints of Regis Blahut, an employee of the CentralIntelligence Agency. On Friday July 7, 1978 at approximately 2:30 P.M. Pvt Alford phoned William H. Cross of Security Staff and stated he had made a tentative identification of Blahuts prints on the inside of the safe door, and on one of the photos in Book Five, Part One of the Kennedy Autopsy photos. On Monday July 10, 1978 at 2;30 P.M. Pvt Alford responded to the Committee offices and in the presence of Chief Counsel G. Robert Blakey, Robert Morrison, and William H. Cross returned all fingerprint cards, and the 13 cards of lifted prints. These were returned to safe #45471 in Room 3381. Pvt Alford stated he had identified a certain number of points in several prints, and in his opinion they were those of Regis Blahut. These prints were matched with those on the inside of the safe door, and on the back of photo 39E2 which had been ripped from Book Five, Part One of the Kennedy Autopsy photos, and the photo which had been removed from the cellophane cover. After returning all materials Pvt Alford departed Committee Spaces at 2;55 P.M. Monday July 10, 1978.

in Turner's office. Blakey initially noted that he had come
at Chairman Stokes' request to discuss with Turner a recent
security violation which had been discovered by the Committee.
Blakey began by describing to Turner the nature of the Kennedy
autopsy pictures, the restrictions under which the Committee
has acquired and possessed them, the security precautions
(separate safe, limited access, and log record) utilized to
safeguard them, and the possible motives that might exist for
someone unlawfully removing them from the Committee.

Blakey next described the circumstances and details of the Committee's discovery, made on 6/23/78, that the autopsy

photos had been tampered with, and the investigation which the staff thereafter conducted, including the identification of all of those persons who had access to the security space where they were located, the fingerprinting process and results, and ultimately the questioning of Regis Blahut, the CIA employee who was in the security space on that date.

Finally, Blakey recalled to Turner his (Turner's) statement made to Blakey and Cornwell on February 4, 1978, to the effect that if the Committee found any impropriety or wrongdoing on the part of any CIA employee, he would personally look into and get to the bottom of it. Blakey stated that the Chairman had been told of Turner's comment on February 4, 1978, and now requested that Turner conduct a further investigation of the Blahut matter. Blakey stated that the Committee felt such an investigation was necessary for the following reasons:

- 1. The Committee had spoken to Blahut on three occasions (July 11, 13 and 14) about his knowledge of the tampering with the autopsy photos, on two of which, by Blahut's own subsequent admissions, he had lied about significant details, and on the last of which, by independent evidence, Blahut had also lied;
 - 2. Blahut's actions were deliberate, as evidenced

by the fact that Blahut had opened the Committee's safe in which the photos were stored, and on the first two interviews with the Committee, he lied about having done so;

- 3. There is only one possible innocent motive for Blahut's handling and viewing of the autopsy photos, that being personal curiosity, and the evidence unequivocally shows that personal curiosity was not the motive (a page was ripped out, a photo was removed from the plastic sheeting, the log shows that the photo book in question had not been removed from the safe by the Committee staff since September, 1977, and Blahut's story about his handling of, and access to that photo book on June 23, 1978 is patently unbelievable); and most significantly,
- 4. Prior to at least two of the three occasions on which Blahut was interviewed by the Committee staff, he spoke to his superiors at the Agency, and after each of those conversations he told lies to the Committee about his involvement.

Turner said that he had already looked into the matter, and handed us a report which had been written. Turner suggested that Blakey and Cornwell go read the report (not take a copy with them from the building), and also look at Blahut's

personnel file, and then let the Agency know what else he (Blakey) suggested they should do.

Upon inspection, the report reflected the following:

- (a.) The Agency interviewed Blahut on Friday evening, July 14, and polygraphed him three times for roughly two hours each time on Saturday, July 15;
- (b.) Blahut's supervisors had been spoken to, and denied any involvement;
- (c.) Blahut admitted lying to the Committee;
- (d.) Blahut basically told the same story to the polygraph expert (Felippo) he had finally told the Committee on the morning of July 14, except that on July 15 he admitted that he was never given permission by any Committee staff member to view the Kennedy autopsy pictures;
- (e.) Blahut persisted in his story (but lied in doing so, according to the polygraph) that he had opened the Committee safe only once, and that was to put a photo book into the safe, and also (again, untruthfully) stated that he had only viewed the autopsy books on two occasions.
- (f.) Blahut has been assigned to a CIA operation code named MHCHILD since April, 1977.

Office of Security Chief Gambino, and Carlucci's assistant, Hav Smith, met with Blakey and Cornwell after they

/JFK Act 6 (3)

had reviewed the investigative report provided by Turner.

Blakey requested that he be permitted to see Blahut's security

file. Gambino refused, but offered the personnel file instead.

The personnel file reflected that Blahut had consistently

Finally, Smith and Gambino asked Blakey what he felt the Agency should do now. Blakey said that full interviews of all of Blahut's supervisors should be conducted, and written reports made. In addition, Blakey stated that new polygraphs should be taken, focusing primarily on the area that was essentially omitted on July 15, namely, the question of motive.

Hav Smith asked whether the Committee was going to accept the Agency's investigation after it was completed; he said he wanted to know now, that he wanted a commitment. Smith said that he was 99 percent sure that the final report would show no involvement in the tampering on the part of the Agency. Gambino said, "We know we're clean." In reply, I asked how the Agency could be so sure at this early point that none of their employees except Blahut were involved, and I also commented that Smith was asking the Committee to "buy a pig in a poke" in suggesting that we should tell him now whether or not we would be satisfied with the Agency's investigation

before it was even conducted. Both Blakey and I stated that what we could now state was that we had come to the Agency with the suggestion that they investigate it, because we felt that from among the alternatives now available to the Committee, that alternative was the one with the best chance of success. Finally Blakey also noted that his hope was that after the Agency's investigation was complete, copies of the reports could be placed in the Agency's and the Committee's files, and that would be the end of it.

The meeting was terminated with the general understanding that Blakey's suggestions would be followed, and the Agency would let us know when they had their reports complete.

of the Committe offices.

About 4:05 P.M. June 23, 1978 Mark Flanagan upon returning some autopsy material to the Security room along with Lance Svendson of Security staff upon opening safe #102095 noted that several autopsy photos were lying loosely on top of the other books. The photos removed were 39E1, 39E2, 40 E and 41 E. This was two pages consisting of 4 photos. Photos 39 El and 39E2 had been ripped from the book. One photo 39E2 was out of the cellophane enclosure and laying loose. A quick check showed that these photos were from Book Five, Part One. An immediate check of all books was begun by Flanagan and Svendsen to ascertain if any other photos might be missing. No other photos were found to be missing or tampered with. Book Five, Part One had not been signed out recently according to the check out log. Both Mark Flanagan and Lance Svendsen stated they would have noticed the photos when the safe was open at 10 AM June 23, 1978 if they had been lying were they were. They both feel there is no way this could have been done accidently. Someone had to enter safe and do this. The safe was unlocked but shut.

Aprroximately 5 P.M. June 23, 1978 at the request of Committee Investigator Jack Moriarty three members of the Metropolitan Police Identification section responded to Room 3381 for the purpose of attempting to get latent prints. Pvt Pat McGinniss, Sgt Blake and Det.

Pvt. McGinniss was able to lift 13 separate cards of latent prints from the interior of the safe, and from the Kennedy photos book that was tampered with. These men left at approximately 8:35 PM June 23, 1978. Investigator Moriarty, William H. Cross or G. Robert Blakey were present at all times during the lifting of the prints. The lifted prints were turned over toInvestigator Moriarty, and remained in his possession.

The persons who were in this office on June 23, 1978 other than Security personnel were Regis Blahut of the CIA.

On June 27, and June 29, 1978 requests were made to the FBI for certain staff members print cards. The first were recieved the week of June 26, 1978, and the second packet on July 5, 1978. Investigator Moriarty had contacted a Pvt. Colon Alford of the Metropolitan Police Department ID section and requested he try to make comparisons of known and latent prints. During the week of June 26, 1978 Pvt Alford spent one hour in Committee office checking staff members prints gainst those lifted. On July 1, 1978 the latent prints and all

staff members print cards from the FBI were turned over to Pvt. Alford which he receipted for so he could take them away from Committee spaces so he could spenimore time studing them. During the week of July 2, 1978 Pvt. Alford was able to obtain the fingerprint card of Regis Blahut (a Former D.C. Fireman) On Friday July 7, 1978 at approximately 2:30 P.M. Pvt Alford contacted William Cross of Security staff and stated he had made a tentative identification of Blahuts prints on the safe door and one of the photos in Book Five, Part One of the Kennedy Autposy photos. On Monday July 10, 1978 at 2:30 PM Pvt Alford responded to the Committee offices and in the presence of G. Robert Blakey, Robert Morrison and William H. Cross returned all fingerprint cards, The 13 cards of lifted prints, and stated he had identified a certain number of points in several prints, and in his opinion they were those of Regis Blahut. These prints were on the inside of the safe door and on photo 39E2 which had been ripped from Book Five Part One, and had been removed from the cellophane cover. After returning all mater Als Pvt Alford departed at 2:55 PM July 10, 1978

Mr Blakey was notofied at 5:05 PM after he completed a meeting in his office. He stated that from now on the JFK safe will be locked at all times. If something is taken out the safe will be relocked until it is returned.

I suggest that until such time as the persons using that room are finished in there we should lock all the safes at all times

RE: The tampering with Kennedy Autopsy photos located in Safe #102095 in the Reading Room of Room 3381

of the Committee Offices.

About 4:05 P.M. Friday June 23, 1978, Mark Flanagan upon returning some autopsy material to the Security Room along with Lance Svendsen of the Security Staff upon opening safe #102095 noted that several Kennedy autopsy photos were loosecon top of the Kennedy Autopsy photo books. The photos removed from the books were numbered 39E1, 39E2, 40E and 41E. This was two pages consisting of 4 photos. 39El and 39E2 along with the cellophane cover had been ripped from the book, and the cellophane enclosure was torn at binder holes. One photo, 39E2 was out of the cellophan enclosure and lying loose. A quick check by Flanagan and Svendsen revealed the photos were from Book Five, Part One of the Kennedy Autopsy photos. An immediate check of all the photo books was begun to ascertain if any other photos were missing. This check by Flanagan and Svendsen showed no other photos to be missing or tampered with. Book Five, Part One had not been signed out since September of 1977 according to the check out log. Both Flanagan and Svendsen stated they would have noticed the photos when the safe was opened at 10 A.M. Friday June 23, 1978 if they had been lying where they were when discovered. They both feel there was no way this could have been done accidently. Someone had to enter the safe, and do this. The safe was unlocked, but shut.

Approximately 5 P.M. Friday, June 23, 1978 at the request of Committee Investigator John Moriarty, three members of the section responded to Room 3381 for the purpose of attempting to get latent prints.

able to lift 13 separate cards of latent prints from the interior of the safe, and from the Kennedy Autopsy photo book that was tampered with. These men left at approximately 8:35 PM Friday June 23, 1978. Investigator John Moriarty, William H. Cross or Chief Counsel G. Robert Blakey were present at all times during the lifting of the prints. The lifted prints were turned over to Investigator John Moriarty, and remained in his possession

The persons who were in this office alone on Friday June
23, 1978 were of the
Committee Staff, and Regis Blahut of the CIA.

On Monday June 26, 1978 the 13 cards of prints lifted by Pvt McGinnis were turned over to Director of Security Robert Morrison by Investigator John Moriarty and locked in safe #45471 in Room 3381 of Committee Office.

On June 27, 1978, and June 29, 1978 requests were made to the FBI for certain Committee Staff member fingerprint cards.

The first request for cards was filled, and received the latter part of the week of June 25, 1978. The second request was filled and received on July 5, 1978. Investigator John Moriarty had contacted a of the section, and requested he try to make comparisons of known and latent prints. During the week of June 26, 1978

spent one hour in Committee spaces checking staff members prints against those lifted. On July 5, 1978 at the request of and with the consent of Chief Counsel G. Robert Blakey the 13 cards of lifted prints and all staff member print cards from the FBI were turned over to which he receipted for, so he could take them away from Committee spaces to enable him to spend more time studying them. During the week of July 2, 1978. was able to obtain the fingerprints of Regis Blahut, an employee of the CentralIntelligence Agency. On Friday July 7, 1978 at approximately 2:30 P.M. phoned William H. Cross of Security Staff and stated he had made a tentative identification of Blahuts prints on the inside of the safe door, and on one of the photos in Book Five, Part One of the Kennedy Autopsy photos. On Monday July 10, 1978 at 2;30 P.M.
