III. TAX MATTERS

TP T-10 advised on October 24, 1962 that

UFC-Law 11(a)

IV. ALBERT ANASTASIA MURDER

On October 9, 1962, the Miami Office of the Federal Bureau of Investigation received information through the Miami Police Department indicating that facts concerning the ALBERT ANASTASIA murder were being presented to a New York City Grand Jury for possible indictment of the subject being involved in such murder.

JACK de la LLANA, Intelligence Unit, Tampa Police Department, advised October 11, 1962 that the Chief of Police at Tampa was in receipt of a letter from New York City Police Department inquiring as to the present address of the subject, his home telephone number and up-to-date drivers license status. Information was to be furnished Inspector FRANCIS J. M. ROBB, New York City Police Department.

The New York Office of the FBI advised ANTHONY SCANLON, Assistant Chief Investigator, New York City District Attorney's Office, advised MICHAEL M. O'ROURKE on October 11, 1962 that his office was considering subject as a witness and possibly as a suspect in the ALBERT ANASTASIA murder, based on either subject's presence in the area or at the scene of the murder.

Mr. SCANLON stated his office had made inquiries in Florida and all over the United States concerning this matter. He would not state if the subject was known to be in the area or at the scene of the murder. He advised inasmuch as this is a pending matter, his office could make no additional information available until it was brought to a conclusion.
