COMMENTS : SUMMARY

A highly confidential source furnished a Photostat of duplicate registration sheet, 1943 registration of the CP for the County of Palm Beach, West Palm Beach Florida, dated 11/16/42, which was submitted to Charles Small by Stanley Kilner Booth of West Palm Beach. The registration sheet indicated that a person referred to as "STE" had been a Party member for seven years.

A highly confidential source furnished a copy of a communication from Booth dated 12/27/42 to Small in which he stated that W. Robert (The ST.) would be visiting Miami and Key West.

Miami would consider the advisability of determining if the above pertained to Joseph Honore St. Martin (100-193648) who was supposed to make a trip to Miami and Key West.

On 2/13/51 Jack August, potential CNDI (100-378062) advised that while in Miami in 1943 he was very active in the organization of Local 500 of the TWU and a close associate of Charles Smolikoff, an active CP leader. Smolikoff gave August and his wife Miriam, CP membership cards made out in the names of Jack Laurie and Miriam Laurie which were evidently to have been their Party names. August thought Smolikoff had used the name Laurie inasmuch as August's daughter was named Laurie. August stated that Smolikoff gave them Party cards on the supposition that they were already CP members because of their attendance at Camp Unity; however, he claimed that he had never been affiliated with the CP.

On March 1, 2 and 3, 1948 the "Miami Daily News" carried three articles written by Claire Brandler in which she described her activities in the Young Communist League in Miami, 1941-1943. She described her close association with Charles Smolikoff who was the key leader behind the scenes of all activities inspired or sponsored by the CP in that area. Smolikoff was the South Florida section organizer for the CP, responsible only to the state director for the CP of Florida.

tourist-type gift shop when he visited Mexico City in September and December 1963. There had been indications that Small's shop served as a message center for visiting communists from the US and Small was very worried following publication of the facts concerning Oswald's leftist tendencies. He carried with him information showing that he was in the US at the time of Oswald's visit to Mexico, but he was fearful that he might have known Oswald or that Oswald might have visited his shop and that he would be questioned or arrested by Mexican authorities in connection with the matter. As of May 21, 1964 no information had been developed which would indicate that Oswald had visited Small's place of business or had contacted Small in any way.
