like to determine who this is prior to his departure for Florida on a short vacation, date unknown. The informant said that LA ROCCA is extremely thankful that Pittsburgh newspapers did not receive any publicity concerning the failure of his adopted son to register and the subsequent interview. He indicated that the entire affair could have been "messy". According to the informant, LA ROCCA said that in an effort to determine whether his telephone at his Ingomar, Pa., residence is tapped, he would intentionally place a call telling an unknown individual that he would be going to New York and would give that individual a non-existent New York address. He would thereafter wait to determine the action taken by the Federal Bureau of Investigation.

He was concerned during this meeting about the quality of block being produced by North Star.

Information Relating to the S. J. Gully Bank at  
Farrell, Pa.

During the course of investigation in the LA ROCCA matter, it has been determined that the North Star Cement Block Company of Pittsburgh, Pa., was obligated, as of 1959, to the S. J. Gully Bank, to the extent of approximately \$29,000.

On November 3, 1961, JOHN MULLANEY, Special Assistant to the Attorney General of the United States, requested information concerning the possibility of a current or recent affiliation by the aforementioned bank with any Federal regulatory agency.

On November 3, 1961, CHARLES HOUTT, Assistant Cashier, Federal Reserve Bank of Cleveland, Pittsburgh Branch, advised that he personally recalls the S. J. Gully Bank of Farrell, Pa., as a private bank prior to the time it sold out approximately five or six years ago; that he has never known of the S. J. Gully Bank being a national bank, a member of the Federal Reserve System, or to be insured by the Federal Deposit Insurance Corporation; and that according to the current directory of member banks in the fourth Federal Reserve District, which includes Farrell, Pa., the S. J. Gully Bank is not a member of the Federal Reserve System.

On November 3, 1961, DREW DIEDRICK, Examiner, Federal Deposit Insurance Corporation, 245 Rodilin Drive, Pittsburgh 35, Pa., advised SA FRANK E. ALLISON that he has been employed in the Western Pennsylvania area since 1949 as an examiner, and that during this period the S. J. Gully Bank of Farrell, Pa., was never subject to examination by the Federal Deposit Insurance Corporation, and is not now subject to such an examination. He stated that if the bank was FDIC insured, it would be subject to examination by FDIC examiners, and he would have knowledge of this fact.
