"These men made a statement, declaring that their cause is the liberty of Cuba, their politics, liberty and loyalty only to the people of Cuba. And these people ask only for help in order to keep on fighting. They do not make political propaganda, and the truth is that they would exchange all the politicians for a single rifle with which to fight BATISTA.

"These are the men to watch and to whom one must pay attention, because they have a burning desire for liberty, for here the credo of all is Liberty or Death.

"I am an American and I am fighting here because I believe in the cause which they defend and every day I see them fighting and dying in order to maintain their ideals. I am writing this so that the people of my country may know the true history of the rebels of the Escambray and so that they may notice that only 90 miles from Miami, Florida, there are men who are fighting against oppression in a form very similar to that used by the founders of our country.

"WILLIAM ALEXANDER MORGAN"
